

**WARRICK COUNTY COMMISSIONERS**  
**ORDINANCE NUMBER 2004- 15**

**ORIGINAL**

**WHEREAS**, in August, 2004, the Indiana State Department of Health passed regulations limiting free tetanus/diphtheria vaccine to children between the ages of seven (7) and eighteen (18) years of age; and

**WHEREAS**, it is a needed and appreciated service for the County to provide low cost tetanus/diphtheria vaccines to adults that cannot now receive it free from the State.

**NOW, THEREFORE**, be it ordained for the Board of Commissioners of Warrick County, Indiana, as follows:

(A) There shall be a fee charged and collected for the service of tetanus/diphtheria vaccine provided by the County Department of Health and/or Animal Control as set out in division (B) unless the fee is waived under division (C).

(B) The fee for service of the tetanus/diphtheria vaccine shall be the actual cost of the vaccine and supplies plus a One Dollar (\$1.00) vaccination fee.

(C) The Department of Health and/or Animal Control may waive the fee imposed herein:

(1) for those persons who have no private or public insurance program available which will pay the fee on their, or their dependent's behalf; and

(2) where such person has demonstrated to the satisfaction of the Department, pursuant to the standards adopted by the Department, that the person does not have the ability to pay the fee for the person or a dependent.

(D) the fee imposed by Section(B) shall be deposited in the Local Health Maintenance Fund to be used for the purposes for which the fund exists.

ORIGINAL

PASSED this 17th day of NOVEMBER, 2004.
